You the buyer has 3 days to bring this cat to a certified vet and have your own examination done to prove Health and Condition of this cat. I advise all new breeder Kitten/cats coming into your home to have the fiv/felv test done and for you to quarantine for at least 2 weeks before allowing them to come into contact with any of your existing cats, kittens, dogs ect. If upon this examination if a Genetic issue is found that makes this cat/kitten unable to be a breeder with certified proof then a replacement breeder cat/kitten of the same price and quality will be offered (NO REFUNDS). ANY AND ALL TESTS AND VET. BILLS ARE THE RESPONSIBILITY OF THE BUYER. BI \_\_\_\_\_

If your breeder cat/kitten has not produced any offspring by 2 years of age from non-environmental issues (with proof from a certified vet.) a replacement cat/kitten of the same price and quality will be offered (NO REFUNDS) ANY AND ALL TESTS AND VET BILLS ARE THE RESPONSIBILITY OF THE BUYER.
